

Media Neighborhood Eco Tour

Great Environmental Ideas From Your Neighbors

DATE: Sunday, June 12, 2011

TIME: 1:30 pm to 4:30 pm

(arrive & depart on your own schedule)

Walk through Media Borough and talk with some homeowners who are beautifying their properties while improving the environment.

Get practical ideas you can apply in your own yard:

- Control stormwater with a rain garden or rain barrel
- Build an organic vegetable garden and learn how to raise hens in a small backyard
- Compost your lawn and home waste
- Mow less and add native plants
- Implement geothermal & solar energy
- Add a small pond...and more

Save money on fertilizers, herbicides, lawn care and maintenance. Sites include Borough Hall landscaping for stormwater, Media Elementary School vegetable garden, butterfly garden and fence art project, tour of energy efficient LEED certified home, and neighborhood gardens

STARTING LOCATION:

Pick up a map outside at the Media Borough Community Center between 3rd and Jackson Sts. off Monroe St.- from 1:15pm to 4:00 pm

COST: Free

Organized as a community service by the
Media Environmental Advisory Council.
